FYSA... OPS, OPP and RCMP will be holding a press conference at 3 pm, in Ottawa, announcing that access to the city is been restricted to protect critical infrastructure.

What authority will be relied upon?

EA, HTA and common law. Similar to process used by TPS around QP and Hospital row.

Make sure that 3 police services are aware of the authorities and clearly articulate authority they are relying upon as it will be a question that is definitely raised by media.

Done, thanks

Are u good to go for 530pm with SoC?

I am Deputy - thanks.
